- Age-based screening and assessment
- Baby Love program
- Family navigator
- Early literacy supports
- Play and Learn

Breastfeeding Services

Services that provide support with breastfeeding and infant feeding.

Private Practice: Some people look for support from a Certified Lactation Consultant® (IBCLC®). Search for a Lactation Consultant online outside of this guide. Some Lactation Consultant services may be free with provincial healthcare (OHIP) if you get a doctor's referral, or there will be a cost to the service.??If you are unsure if a service requires payment, please check with the individual or clinic.

Primary Care: Some family doctors, midwives, Community Health Centres or Family Health Teams have breastfeeding support available for their patients. Check with your primary care provider to find out if they have breastfeeding support. If they do not have support, your provider may be able to complete a referral form for services outside of their practice.
